IHE Connectathons also take place in other countries across the globe. Visit www.IHE.net for more information.

Your Pathway to Participation in Future IHE Connectathons

1. CATCH THE LATEST NEWS:

- Receive the latest news and announcements on the IHE International Newsletter. Sign-up online at www.ihe.net/Contact_Us.

2. LEARN ABOUT IHE'S TECHNICAL FRAMEWORKS:

- Visit the IHE International website, www.ihe.net, to learn more about IHE Profiles and Technical Frameworks, or participate in IHE International's free educational webinar series that occurs every year from June to August. These free resources will help your organization determine what IHE Profiles to test at future IHE Connectathons.

3. MONITOR THE NEW IHE PROFILES:

- Consult IHE's Profile Publication Schedule at wiki.ihe.net/index.php?title=Domain_Milestone_Dates to monitor the development of new IHE Profiles and future testing options at IHE Connectathons.
- Participate in Public Comment periods which occur twice a year, to improve the specifications before being released for trial implementation and testing.

4. REGISTER YOUR SYSTEMS:

- System registration for IHE Connectathons typically occurs three to six months before a testing event. Be prepared to enter your system(s), plus the IHE Profile and actor pairs that your organization wants to test before the start of system registration.

5. DEMONSTRATE YOUR SUCCESS:

- Organizations that successfully test at the IHE Connectathon are eligible to demonstrate at future HIMSS Interoperability Showcases™. Visit their website for a list of demonstrations at www.interoperabilityshowcase.org.
